

Curriculum Vitae

Jay Przybyla, Ph.D., P.E.

Professional Profile

Dr. Przybyla (“prizz-bee-lah”) is a licensed professional engineer and senior consultant at Focus Forensics with experience, education, and training in the fields of civil engineering, forensic engineering, and transportation safety. He holds a Master’s and Ph.D. in transportation engineering from the University of Utah and a Bachelor’s in civil engineering from Brigham Young University. Specific areas of expertise include vehicle collision reconstruction, commercial vehicle crash investigation and analysis, roadway design and traffic controls, highway-rail grade crossings, intermodal facilities, train collision and automotive safety and design issues.

Dr. Przybyla leads the ongoing engineering research program at Focus Forensics, and manages all projects in the Mountain West and West Regions for the consulting engineering firm, while also providing consulting services to clients nationwide. He has completed the engineering investigation and evaluation of vehicle, driver, and roadway issues in hundreds of cases across the United States.

Dr. Przybyla is a published author in safety engineering literature with a focus on identifying, quantifying, and developing solutions for major transportation related risks. He served as adjunct faculty at Utah Valley University teaching engineering and mathematics courses. He also guest lectured at Brigham Young University and the University of Utah on accident reconstruction and transportation safety.

Prior to his years of work in transportation engineering, Dr. Przybyla served as a state trooper for the Utah Highway Patrol focusing on DUI detection, interdiction, and accident investigations. He completed numerous accident investigations and accident reconstructions as a member of Utah’s Multi-Discipline Accident Investigation Team. Dr. Przybyla has extensive experience testifying in civil and criminal cases, including providing expert witness testimony at trial.

Licensure

- Professional Engineer, State of Illinois, #62-064663
- Professional Engineer, State of Nebraska, #E15131
- Professional Engineer, State of Nevada, #025858
- Professional Engineer, State of Utah, #305145-2202
- Professional Engineer, State of Texas, #132928

Contact Information

Cell: (312) 320-3248
Jay@focusforensics.com

Salt Lake Office

51 West Center Street, Suite #317
Orem, UT 84057

Education

University of Utah
Salt Lake City, Utah
Ph.D. in Civil and Environmental Engineering

University of Utah
Salt Lake City, Utah
M.S. in Civil and Environmental Engineering

Brigham Young University
Provo, Utah
B.S. in Civil and Environmental Engineering

Work Experience

Focus Forensics, LLC
Managing Engineer: 2014-Present

Armstrong Forensic Engineers
Senior Consultant: 2010-2014

Collision Safety Engineering, LLC
Engineer: 2005-2010

University of Utah
Research Assistant: 2009-2013

Utah Valley University
Police Officer: 2006-2010 & 2013-2015
Adjunct Professor: 2009-2010 & 2013

Utah Department of Public Safety
State Trooper: 2001-2006

Utah State POST Academy
Instructor: 2002-2004

Roosevelt City Corporation
Police Officer: 2002-2004

Salt Lake County Public Works
Technician: 1999-2000

Professional Affiliations

Society of Automotive Engineers (SAE), Member

American Society of Photogrammetry and Remote Sensing (ASPRS), Member

Transportation Research Board Standing Committee on Traffic Law Enforcement (ANB40), Corresponding Committee Member

Transportation Research Board Standing Committee on Transportation Safety Management (ANB10), Friend of the Committee

Transportation Research Board Standing Committee on Work Zone Traffic Control (ANB55), Friend of the Committee

Professional Certification

Accredited Accident Reconstructionist
Accreditation Commission for Traffic Accident Reconstruction (ACTAR), #3047

Certified Traffic Control Supervisor
American Traffic Safety Services Association (ATSSA), #360701

Work Zone Traffic Control Supervisor
Florida Department of Transportation

Motorcycle Operator's License
Utah Driver's License Division, DPS

Professional Development

American Traffic Safety Services Association

- Advanced Work Zone Traffic Control Supervisor Certification, 2013
- Motorcycle Safety: Roadway Hazards and How to Address Them, 2014
- Advanced Work Zone Traffic Control Supervisor Certification, 2017

Axiom Forensic

- Motorcycle Collision Reconstruction, 2018

Bendix

- Comprehensive Air Brake System Training Program in the Operation and Maintenance of Heavy Duty Air Brakes and Components, 2014

Collision Safety Institute / ARC

- Annual Crash Conference and Full Scale Crash Testing, 2017
 - Full Scale Crash Testing
 - Photogrammetry of Camera Images
 - Gap Acceptance
 - NTSB Crash Investigations
 - Reconstruction of Low-Speed In-line Collision
 - Pedestrian and Nighttime Recognition
 - UAS Scene Mapping
 - Braking Performance During Emergency Application
 - Overheating of Heavy Duty Truck Brakes
 - Pedestrian Walking Speeds
 - Pedestrian Crash Reconstruction Methodologies

Energi

- Risk Management Summit, 2017

EKPass

- Web Based Backhoe Operator Training and Certification, 2013

EOS Systems Inc.

- PhotoModeler 4 Collision Investigation Course and Software Operation Certification, 2002
- PhotoModeler 6 Collision Investigation Course and Software Operation Certification, 2007

European Association for Accident Research and Analysis

- 27th Annual Congress, 2018
 - Traffic Collisions Involving Motorcycles
 - Insurance Fraud
 - Big Data
 - Open Forum

Professional Development Continued

FARO Technologies Inc.

- FARO Laser Scanner LS Training and Operation Certification, 2009
- FARO Laser Scanner Focus Training and Operation Certification, 2015

InnovMETRIC Software Inc.

- PolyWorks V11 Training and Operation Certification, 2009

Institute of Electrical and Electronics Engineers (IEEE)

- 15th International Conference on Intelligent Transportation Systems (ITSC), 2012

McInnis Engineering Associates

- PC-Crash 7.3 Software Training and Operation Certification, 2007

National Academy of Forensic Engineers (NAFE)

- General Topics in Forensic Engineering, 2010
- Advanced Topics in Accident Reconstruction, 2010

National Academy of Science and Norwood Police Department

- Human Factors of Witness Reliability, 2015

North American Training Group

- Staged Automobile Accidents, 2015

Northwestern University Center for Public Safety

- Traffic Accident Reconstruction I, 2002
- Traffic Accident Reconstruction 2, 2003
- Heavy Vehicle Crash Reconstruction, 2004
- Advanced Crash Reconstruction Utilizing Human Factors, 2014

OSHA Campus

- OSHA Compliant Backhoe-Loader Operations Training and Certification, 2013

Robert Bosch Corporation

- Crash Sensing Algorithms: Electronic Sensing for Air Bag Deployment in Front, Side and Rollover Automobile Crashes, 2006
- Driver Assistance and Collision Avoidance, 2007

SAE International Training

- Applying Automotive EDR Data to Traffic Crash Reconstruction, 2013
- World Congress and Exhibition, 2013

Transportation Research Board (TRB)

- Conference on Innovations in Travel Modeling (ITM), 2012
- TRB 96th Annual Meeting , 2017
 - Traffic Law Enforcement Committee Meeting
 - Emergency Evacuations
 - Emergency Medical Services Safety Subcommittee Meeting
 - Motorcycle and Rider Behavior
 - Latest Research in Metropolitan Policy, Planning, and Processes
 - Pavement Condition Evaluation: State of the Art
 - Traffic Flow Theory and Characteristics
 - Signs, Markings, Signals, Visibility, and Related Technologies
 - Work Zone Safety Evaluations and Operations Management Strategies
 - Pavement Preservation and Maintenance
 - Law Enforcement and Traffic Safety
 - Pedestrian Safety Issues
 - Transportation Safety Management Committee Meeting
- TRB 97th Annual Meeting , 2018
 - Righting the Wrong Way Driver: Generating Mitigation Measures for Wrong-Way Freeway Collisions
 - Traffic Law Enforcement Committee Meeting
 - Traffic Law Enforcement Research
 - Traffic Control Devices
 - Research on Critical Knowledge Gaps: Teenage Driving Risk
 - Innovations in Work Zone Traffic Control
 - Countermeasures for Wrong-Way Driving
 - NTSB Accident Investigations
 - Transportation Safety Management Committee Meeting
 - Traffic Flow Theory and Characteristics

Utah County Sheriff's Department

- Human Factors of Witness Reliability: Kinesics, 2015

Utah Department of Public Safety UHP

- Advanced Accident Reconstruction, 2002
- Accident Scene Investigation and Diagramming, 2003
- Crash Data Retrieval (CDR) System Operator, 2003
- Vehicle Safety Inspections, 2003
- Field Training Officer, 2003
- MAIT Quarterly Accident Reconstruction Training, 2002-2005
- Drug Recognition Expert Certification (DRE), 2005

Utah Department of Transportation

- Utah Traffic Management Systems, 2015

Utah State POST Academy

- Accident Investigation, 2001
- DUI Detection and Enforcement, 2001
- Utah Police Corps, 2001
- Major Crash Investigations, 2015

Professional Development Continued

U.S. DOT – FHWA – National Highway Institute

- National Traffic Incident Management Responder Training and Certification, 2015

U.S. DOT - Transportation Safety Institute

- U.S. DOT Motor Carrier Safety Inspector Qualification (396.19), 2012

Vector Solutions

- Ethics for the Practicing Engineer – Managing Risks Imposed on the Public, 2018

World Reconstruction Exposition (WREX)

- Crash Conference and Full Scale Crash Testing, 2016

Seminar and Course Presentations

“Automotive Fraud Analysis: Going Beyond the Physical Evidence”, 27th Annual Congress of the European Association for Accident Research and Analysis, 2018

“Big Data Analysis – Combining GPS with Traffic Signal Data Logger Records”, 27th Annual Congress of the European Association for Accident Research and Analysis, 2018

“Accident Reconstruction: A Panel Discussion”, Energi Risk Management Summit, 2017

“Maintenance of Traffic and Roadway Design Analysis”, World Reconstruction Exposition, 2016

“How to Document and Preserve a Work Zone Related Crash” W.W. Clyde & Co. Annual Supervisors Training, 2015

“Accident Scene Preservation” W.W. Clyde & Co., Interchange, 2015

“Truth or Dare: Is the Insured Telling the Truth or are They Daring to Make a False Claim?” Utah Claims Adjusters Association, 2014

“10 Important Event Data Recorder Questions Answered” Trystan Smith & Associates – Corporate Law Department State Farm Mutual Automobile Insurance Company, 2014

“Truth or Dare: Is the Insured Telling the Truth or are They Daring to Make a False Claim?” Geico Auto Insurance Annual Fraud Awareness Day, 2014

“A Forensic Engineer’s Perspective on Work Zone Risk” W.W. Clyde & Co. Interchange, 2014

“Automotive Accident Reconstruction: An Introduction” Young Lawyers Section of Idaho State Bar, 2013

“Light Bulb Filament Distortion Thresholds by Voltage and Delta-V” Society of Automotive Engineers 2013 World Congress & Exhibition, 2013

“Introduction to Forensic Nuclear Engineering” University of Utah, 2013

“3D Modeling with Laser Scanner Point Cloud Data” Armstrong Forensic Engineers, 2012

“Simplified, Data-Driven, Errorable Car-Following Model to Predict the Safety Effects of Distracted Driving” 15th International IEEE Conference on Intelligent Transportation Systems (IEEE ITSC), 2012

“Crash Event Modeling Approach for Dynamic Traffic Assignment” 4th Transportation Research Board Conference on Innovations in Travel Modeling (ITM), 2012

“Special Forensic Applications of Civil Engineering” University of Utah, 2011

“Handling Large Loss Claims with Limited Information” PLRB Large Loss Conference, 2011

“Spatial – Information Approach to Analyzing and Planning Distributed Transportation Security Systems,” *Top 10 Finalist in National Security Innovation Competition*, 2011

“PhotoModeler for Inverse Projects and Scaled Diagramming” Armstrong Forensic Engineers, 2011

“Safety and Accident Investigation” Michels Corporation, 2011

“Information – Theoretic Sensor Location Model for Detecting Origin-Destination Spatial Patterns of Special Nuclear Material Smuggling” *1st National Conference for Advancing Tools and Solutions for Nuclear Material Detection*, 2010

“Transportation Safety Concerns in the Urban Transportation Planning Process” University of Utah, 2009

“Case Studies in Accident Reconstruction and Photogrammetry” Collision Safety Engineering, 2005

“Criminal Liability and Accident Reconstructions” Brigham Young University, 2005

“Accident Reconstruction and Perception Reaction Time” Utah Department of Public Safety, MAIT Team Quarterly Training, 2004

“Accident Investigation” Utah Police Officers Standards and Training Academy, Uintah Basin Satellite Academy, 2002-2003

“Accident Reconstruction” U.S. Department of the Interior, Bureau of Indian Affairs Office of Law Enforcement Services, 2003

Seminar and Course Presentations Continued

“Pitfalls in PhotoModeler Photogrammetry When Accident Scene Diagramming” Utah Department of Public Safety, Utah Highway Patrol Section 5, 2003

Awards and Honors

- Best Paper Award, 15th International IEEE Conference on Intelligent Transportation Systems (IEEE ITSC), 2012
- Top 10 Finalist, National Security Innovation Competition, 2011
- 2nd Place – Best Presentation, 1st National Conference for Advancing Tools and Solutions for Nuclear Materials Detection, 2010
- Trooper of the Year, Utah County Utah Highway Patrol, 2005
- Commissioner Commendation, Utah Department of Public Safety, 2005
- Medal of Excellence, Utah Department of Public Safety, 2005
- Member of Utah County Officer Involved Shooting Investigation Unit, 2004
- Unit Citation, Utah Department of Public Safety, 2003
- Member of Utah Department of Public Safety M.A.I.T. Team, 2002
- Director’s List, Utah Department of Public Safety, 2001
- Eagle Scout, Boy Scouts of America, 1992
